

MBI Classes Fill Educational Gap

BY JOAN FOWLKES
What they teach in schools now-a-days--how to walk a fence and play on a balance board. These activities have been found to be very important in the development of the normal child, say some experts in the field.

Such activities, according to the experts, are necessary for the students' emotional as well as physical growth. The ability to learn such things seems to be areas lacking in the development of some of the children now in school systems throughout the nation.

Rex Reeves Elementary School has a class in this area. It is known as a class of Minimal Brain Dysfunction or Minimal Brain Injury students. The class has no real name

yet because it may fit some students categorically, but not hold true for others. For instance, "Brain-Injured" or "Brain-Damaged" have been used to describe these children, yet in many cases, no actual injury or damage can be found. Also, only children who are normal or above normal in intelligence may be considered for this class.

But, they must also have learning difficulties directly attributed to an organic defect caused by a neurological condition, and unable to profit from or adjust to a regular school program. Specialists estimate that between 5% and 20% of a normal classroom enrollment has some degree of such disability. For identification purposes, this article will refer to the children as MBI or as MBD students.

The classroom activities at Rex Reeves consist of regular school assignments but a portion of the day is also used to work with the students to develop coordination through the use of such activities as walking on a twelve foot section of a 2 by 4, balancing on a balance board, and doing several physical achievements while standing on a balance block.

Too, much of the blackboard work that would take place in an ordinary classroom takes on a special significance in this classroom as exercises incorporating eye movement, left and right hand coordination, up and down movements, and other coordination exercises are used to develop skills difficult to

many of these students yet easy to the average child. Many may wonder why the special class if these children are of normal or above normal intelligence. How many have particularly noticed the unusually active or hyperactive child and have commented, "Boy! I sure wish I had his energy!" The child may have excess energy, and he will get tired too, but some force seems to be driving him on. This is one of the many symptoms of the child with the minimal disorder. Others may show a sign of physical inability, such as not being able to coordinate their rights and lefts and ups and downs. Still others may show signs of awkwardness and many may

New Canyon Hills Church of Christ has been completed and will host dedication this weekend. Inset is Evangelist Don Lacy.

New Canyon Hills Church Dedication Set For Sunday

Following a series of gospel meetings to be held Friday through Sunday, the Canyon Hills Church of Christ will dedicate their new church building. Ceremonies will be at 3 p.m. Sunday after a 1 p.m. dinner scheduled at the American Legion Hall.

The dedication culminates two years of work by membership of the church.

Late in the summer of 1967, a group of members of various congregations got together and established what is now known as the Canyon Hills Church of Christ, with the meetings taking place in the Ollirama Building north of Canyon for about a year and a half.

Construction was first started on the building in January of 1969 and the first services were held there on the first Sunday

in May. Architect for the building was L. Darrell Fleming of Amarillo and the builder was M. B. Allen of Amarillo. Membership of the church pitched in to do the electrical and brick work as well as painting and other jobs. Furniture was donated to the Church by the Smith Furniture Company of Tulsa.

During the time the men of the church were working on the building, the women did much of the detailed work and brought meals to the workers and took care of any clean-up chores that needed to be done.

The elders of the Crosby Street Church of Christ in Tulsa were responsible for the start of the congregation here and secured the services of Don Lacy as the evangelist.

Lacy spent his boyhood in

Turkey, Texas and he is a graduate of West Texas State University with a B. S. degree in education.

He is married to the former Ava Meadows of Amarillo and the couple have three daughters.

Board To Take Bids Tonight On Jr. High

Bids on the new \$1 1/4 million Canyon Junior High School will be accepted until 8 p.m. today in the office of the superintendent of schools at Canyon High School.

Sealed bids on the new school will be opened and the contract awarded shortly after 8 p.m., according to Jerry Jacobs, superintendent of schools.

Jacobs said he expected the board to accept the low bid if submitted by a qualified bidder.

Construction is expected to begin a few days after the contract is awarded, Jacobs said,

and the building will be in use by September of 1970.

The old junior high school building will be torn down after completion of the new building, Jacobs said.

The building has been about 13 months in the planning stage, according to Jacobs. A \$1,350,000 bond issue was approved by voters in May, 1968, to finance the new school.

The planning took a little longer than usual because of the new concepts to be included such as individual student

Local Survey Is Completed

Roland Black, manager of the Canyon Chamber of Commerce, has completed work on a community survey for the Canyon Industrial Foundation.

He mailed about 10 copies to various industries.

The survey, which is called a Community Appraisal and Check List, took several weeks to compile, according to Black.

Included in the survey are statistics and descriptions concerning Canyon.

In the survey, Black has listed the major advantages of Canyon as:

- *Research and computer facilities at the Kilgore Research Center at West Texas State University;
- *Research and surveys in many fields of industry and business available through departments at WTSU;
- *Ready supply of trained personnel available through education program at WTSU;
- *Ideal industrial sites available;
- *Ideal education and recreation facilities.

Bulletin

Todd Young, six-year-old son of Mrs. David Young of Canadian, was bitten by a cat about 11:30 p.m. Tuesday while they were visiting at Lake Tanglewood.

The incident occurred at the W. L. Bruce residence. The cat is white and sleek-haired, according to the Randall County Sheriff's office.

The boy will have to begin rabies shots if the cat is not found within 72 hours.

Anyone with information about the cat should call 355-9228 for Mrs. Young or contact the sheriff's office.

Mrs. Todd and her son were visiting with the Fred Andrews at the lake.

AGENT ISSUES GUIDELINES ON GREENBUGS

Spurred by greenbug infestation of grain sorghum crops in south and Central Texas this season, County Agent John Brazzil has issued guidelines for controlling the damaging insects.

Brazzil said because there is no preventative for the greenbugs, which caused heavy damage to sorghum in the county last year, state entomologists have been conducting surveys in all parts of Texas about two months.

"They are reporting scattered infestations on grain sorghum," he said, "and a few fields have required control measures."

Brazzil said on the Plains area, no indication has been made that the greenbugs are affecting crops.

A spot check made Monday by The Canyon News revealed very few greenbugs in scattered crops.

The county agent said entomologists are doing intensive study and research in the control of the insects.

He said he has mailed to all county producers guidelines listing all available chemicals for control.

Brazzil said greenbug damage in grain is dependent on

the number of insects, plant size and stage of growth, moisture conditions, presence or absence of parasites and predators and plant vigor.

He warned producers to watch plant condition closely and the development of greenbugs, number and damage.

"Based on one year's experience and research, heavy populations can cause extensive damage to pre-boot and older plants," he said. "Indications

Local Man Charged In Beating Incident

BY CARROLL WILSON
A Canyon service station operator was arrested about 9 a.m. Tuesday in connection with the alleged beating of a 39-year-old Dallas man.

Charges of assault with intent to murder were filed against Ray Cartwright, 304 3rd St. He was arraigned Tuesday before Justice of the Peace W. A. "Bill" Wilson. He was released from Randall County Jail after posting \$1,000 bond.

Cartwright is charged with beating Johnny A. Easley, Jr., 39, who remained in critical condition Wednesday at St. Anthony's Hospital in Amarillo.

Cartwright's wife was listed in serious condition at Northwest Texas Hospital in Amarillo, also as a result of a beating.

A police statement, prepared by Patrolman Gary Harvey of the Canyon Police Department, related the Tuesday morning incident.

Harvey said he was summoned to the scene by a call from the Sheriff's Office here. He said when he arrived he found Easley in the front yard of the Cartwright home "bleeding profusely."

Harvey said Mrs. Cartwright was sitting in a chair on the front porch and Cartwright stood at her side with a 30-30

'TEXAS' First Night To Play Full House

All tickets for the opening night of the annual production "TEXAS" to be held Friday have been sold, according to Mrs. Ples Harper of the Texas Panhandle Heritage Foundation.

Early reservations should be made for the production Saturday, Mrs. Harper said.

Sixty three countries represented in the show's audience last summer will be honored Friday which has been proclaimed "Gala International Night."

The drama will open at 8:45 p.m. in the Pioneer Amphitheatre in Palo Duro Canyon State Park with the playwright, the artist for the "TEXAS" souvenir program, several state dignitaries and many foreign-born visitors in attendance.

Paul Green, Pulitzer prize winning playwright of the musical drama, will arrive in Amarillo at 4 p.m. Wednesday and

will be in Canyon through Saturday.

Byron G. Wolfe, artist for the "TEXAS" souvenir program, will also attend the performance Friday. His paintings will hang in the Canyon Art Gallery beginning Saturday for the public to view, according to Mrs. James P. Cornette, owner of the gallery.

Several busloads of American Field Service foreign exchange students will be the guests of the Panhandle Heritage Foundation.

Swimming Outing Ends In Boy's Near-Death

What began as a casual swimming outing to the Palisades Tuesday morning ended as a day of terror for an Amarillo boy and his three companions.

Ronnie Boggs, 16, of 615 S. Hill in Amarillo was rescued by his friends after he went under the water and failed to come up.

Boggs, son of Mrs. Jewel

Boggs, was in critical condition Wednesday in St. Anthony's Hospital in Amarillo.

Tommy Castleberry, 18, son of Mr. and Mrs. M. R. Harper of 2704 S. Woodland, said Tuesday afternoon that he, his brother, Larry Miles, and Boggs went to the Palisades to swim.

"I tried a back gainer first

and then Ronnie was going to try it and he went down once and came up fluttering," Tommy said.

"We thought he was just kidding because he is kind of a clown and is always kidding," Tommy said, "but he didn't"

Tennis Is Life For Thomas

O. E. Thomas has thrived on tennis the way some people do on meat and potatoes.

Thomas, who has been playing tennis about half of his life, likes a good game at least every day.

At 86 years of age, he says tennis has brought him the greatest pleasure of any recreation.

Thomas plays most of his games at the courts at West Texas State University against college students or anyone who will play him.

He began his tennis playing in 1914 at WTSU.

Born in Dallas County, Thomas, who now lives near Canyon at the Gordon-Cummings ranch, came to West Texas Normal in 1914, just four years after the school was begun.

He played a little tennis that year with a borrowed racket, but the game didn't really catch him until later.

Thomas came back to the Canyon school in 1926-27 to receive a degree and teaching certificate. It was that year he was coaxed onto the tennis team.

He was 31 years old, hadn't been in school in 12 years and decided not to try out for the tennis team, but team members pointed out advantages of membership and he joined.

A tennis racket has not been far from his hand since then.

While Thomas lived in the Dallas-Fort Worth area, he played on nearly every tennis

court available in the two larger cities and surrounding small towns.

Following graduation from West Texas, he accepted a teaching position at Canadian--mostly on his ability as a tennis coach.

He later taught at Everson, where he also coached, and also at Grapevine.

Thomas moved to Canyon about five years ago.

He says he played a good game of tennis until recently when his eyesight began failing. But, he says he's in good general health.

"I haven't had a severe cold in 40 years," he said. He attributes this not only to tennis, but to eating a balanced diet.

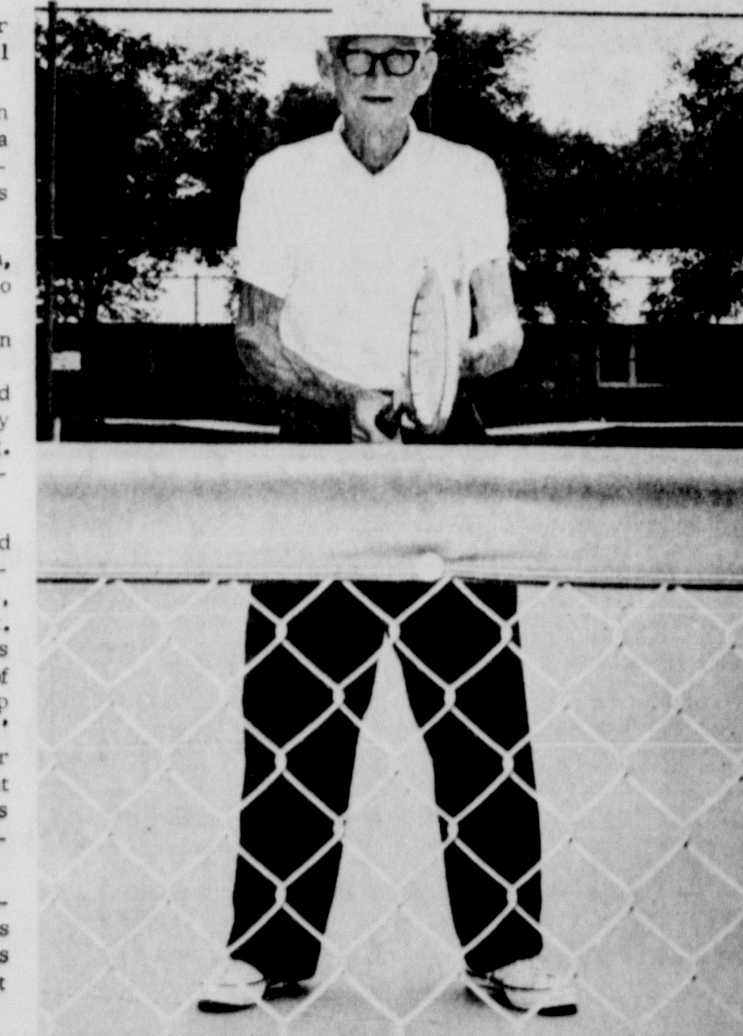

Several years ago he was bothered slightly by a touch of arthritis, but tries "to keep warm and not get cold at night."

"I know I'm awful spry for my age," he said, stressing that he maintains the spring in his walk by not overextending himself on the courts.

For other recreation, Thomas likes to take long trips throughout the country. He has traveled from coast to coast in his pickup-camper.

Next to tennis, traveling probably ranks as his favorite pastime.

He said he hopes he's around to play tennis and travel when he's 100 years old.

O. E. Thomas readies for a serve at the West Texas State University tennis courts. Thomas is 86, but likes a good game of tennis almost every day.

New Displays At P-P Museum

The Panhandle-Plains Historical Museum recently completed a number of displays which can now be seen in the middle room of the first floor at the museum. Display cases have been filled on the west wall.

From the T. J. Babb collection, a wagon and a fresno, a cart used for hauling dirt in the early days of the railroad, were

put on display Friday.

A new display of swords and guns belonging to General Ronald S. Mackenzie, a notable force in removing Indian tribes from the Panhandle Plains, has been recently completed. General Mackenzie fought Indian battles in both Tule and Palo Duro canyons.

A collection of buffalo skinning knives and buffalo rifles--J. Wright Moorar and George Jackson donations--are also on display.

Indian artifacts from the Battle of Adobe Walls and the Battle of Buffalo Wallow, two Indian battles fought in Hutchinson county in 1874, are on exhibit. Letters, guns, powder horns, bullet molds and reloading machines belonging to William Dixon, who fought at Buffalo Wallow, are also included.

Other displays include early farming and surveying tools, reloading tools, tools for wood-working, pioneer cooking utensils, assorted lamps and cannon projectiles.

New display cases are also being filled with Indian artifacts in the basement.

Panhandle-Plains Historical Museum was first built in 1932 when the front unit of the museum was erected. The base-

Few Voters Expected Aug. 5

Only about eight per cent, and possibly as many as 20 per cent, of the registered voters in the county are expected to cast ballots in the Aug. 5 constitutional amendment election, officials estimate.

County Clerk Leroy Hutton told county commissioners he expects not more than 20 per cent of the 19,339 voters to vote. If 20 per cent vote, he said, the turnout would be 12 per cent better than the 1967 similar election.

In 1967, 1,260 persons voted. Hutton presented the voting figures to commissioners as a basis for combining several of

Mr. Martin:

Eureka! I have found it! Mr. Martin, search no more in vain for the quotation from the late President Eisenhower. I am referring to your editorial of Thursday, June 19, in which you said: "The late President is quoted as having said that if elections had been held in 1954 in Vietnam the whole country would have gone communist. I have looked in vain for a valid source for this quote."

The personal account of Dwight D. Eisenhower of his years in the White House was published in 1963 by Doubleday. The title of his book is MANDATE FOR CHANGE. The quotation you are looking for is on pages 337-338. Here in Eisenhower's own words is your "valid source." "It was generally conceded that had an election been held, Ho Chi Minh would have been elected Premier." Of course, you already know that Eisenhower has been quoted many times as having said that Ho Chi Minh was a "hard-core communist."

A bit of the advice that you offered to Mr. Bagarly in the Tulia newspaper could in turn be acted upon by yourself, Mr.

(Editor's Note: Mr. Eisenhower made the statement you attribute to him, it is true. But he never did say Vietnam would have voted to go communist.

He actually said the Vietnamese would have chosen Ho over corrupt Bao Dai just as the Cuban people would have chosen Fidel Castro over Batista in 1959.

Remember how Castro kept his communist affiliations a se-

cret until he was firmly entrenched in power with a knife at the throat of the Cuban people?

Spurred by understandable nationalism and hatred for the French and Chinese, the politically naive people of Vietnam might have gone for Ho. They would no more have knowingly voted for the reign of terror that always accompanies communist take over than would the German people have voted for the blood-letting program of Hitler back in the 1930s.

This is evidenced by the fact that thousands of refugees fled the North where Ho Chi Minh used torture and murder as instruments of government.

What the late President said and what you interpret him to have said are altogether different. I assume no responsibility for your interpretation.)

Outlook Poor For Funds

There is little chance that the funds requested for remodeling of the old administration building and organized research at West Texas State University will be reinstated in the first year of the appropriations bill to be written this summer.

Dr. James P. Cornette, president, and Virgil Henson, financial vice president, both said that the legislators probably will not include funds for the remodeling in the first year of the bill.

Both said that there was a possibility that these funds would be included in the second year of the bill, if a two-year bill is written.

"We still don't know whether it will be a one-year bill or a two-year bill," Henson said.

Henson said that the research grant is a state-wide program and that the program was reduced in all colleges over the

state.

"There probably isn't much chance that it will be restored," Henson said.

WTSU had requested \$232,000 for remodeling of the old administration building. The request for organized research was cut from \$68,833 to \$33,487 in the one-year appropriations bill vetoed by Gov. Preston Smith.

Henson said that the legislature removed repairs for almost all schools in the state in the one-year bill. "It was the general feeling that they would be taken care of in the second-year bill," he said.

Dr. Cornette said he expected the new appropriations for WTSU to look much like those in the one-year bill.

Henson said officials at the university hoped that the appropriations would be about the same, "but we just don't know." "We're just waiting," he said.

Dr. Cornette expressed some concern that the governor vetoed the \$10 building use fee passed by the legislature.

The bill provided that all undergraduate students taking 12 hours or more and all graduate students taking 9 or more hours would pay the fee.

The funds from the fee would then be used to supplement teachers' salaries.

Henson said the WTSU needed the money to put salaries where they needed to be. He said that he had no idea if the bill would be passed again.

If the bill is not passed again, he said, the legislature will have to appropriate the money for all colleges to substitute for the funds in the bill.

Our World

BY ANN BROWN
This nation was conceived in liberty, and brought forth by men who gave their lives and their fortunes to establish it. The signers of the Declaration of Independence also risked their sacred honor. They could all have been hanged as traitors had they been captured by the British; five of them were.

Apparently, our current lawmakers and bureaucrats have forgotten that our founding fathers fought a bloody war to avoid oppressive taxation. They have made taxes so oppressive that owning property has become a luxury few can afford. And inheriting property in excess of \$60,000 has become a nightmare.

After taxing everything else we possessed, they began taxing our taxes. Now their greedy eyes have fallen upon our churches.

Probably every Christian will agree that church-owned property that competes with private industry for income should be taxed. But if houses of worship are taxed, this forces the church to support the government.

If the church is required to support the state, is it not just as logical for the state to be required to support the church? That will take us back to the dark ages with all the evils of the union of church and state.

The power to tax is the power to destroy. In addition to communists and other avowed atheists, is there an American who wants our churches destroyed?

This nation has progressed through knowledge. Who built the first institutions of higher learning in this country? The churches. Who financed the first hospitals and really profitable research projects? The Christians.

History tells us the average age of the great civilizations in the past has been 200 years. The law of averages is almost impossible to beat. But surely this enlightened, Christian nation could try.

Our nation has about seven more years to live if we follow the pattern. When our lawmakers repealed the investment credit exemption for business they cut the aorta of our economic life.

When business and industry are allowed no profit, there can be no expansion. If there is no expansion, there will be no new jobs for the thousands of young people who need to join the work force each year.

When a private citizen cannot meet his obligations, he must either work harder or reduce

Going somewhere? Or been? The Canyon News wants to know about it--and so do its readers.

his expenses. When the government officials fail to balance the budget, they borrow money and raise taxes. It never seems to occur to them to reduce spending.

Do the taxpayers never investigate the expenditure of their hard-earned money? In addition to the billions that are lavished on our enemies abroad and the termites at home, millions are wasted on ridiculous research projects in our universities.

How valuable is a study made on the mating habits of hummingbirds, and the voting habits of John Q. Public? The research will not change the habits of the birds or the voters.

If the college professors who devote their time to such irrelevant, money-wasting projects would use that time preparing and presenting useful lessons to their classes, we might not have so many college rebels and dropouts. We are not just wasting money; we are wasting our most valuable resource: manpower.

America has almost completed the historic circle: Civilizations have always risen, only to fall again. They cycle goes from bondage to faith, to courage, to liberty, to abundance, to selfishness, to complacency, to license, to apathy, to dependence, and back to bondage.

No intelligent person needs to be told where Americans are in the cycle.

Who will plead with his congressman to try to stop the

wheel? Exorbitant taxes can destroy us as effectively as an atom bomb.

Textbook Workshop

The Living Textbook Workshop, sponsored jointly by West Texas State University and the Amarillo Globe-News, begins its sixth consecutive year on the WTSU campus July 20-23.

Conference director is Dr. Lee Williams, assistant superintendent of instruction in the Amarillo Public Schools. The workshop is directed toward educational teachers, principals and superintendents.

The conference program will be held in the west cafeteria at WTSU except the keynote address, which will be presented in the east dining hall.

Designed to stimulate good teachers to improve their teaching through the newspaper as an instructional tool, the conference presents some of the nation's outstanding columnists and news analysts.

Keynote speakers in past years have included Bill Keane, who writes Family Circus, Jim Berry, creator of Berry's World, and Ned Riddle whose Mr. Tweedy now appears in the Amarillo Daily News.

Department heads and top officials of the Amarillo Globe-News also participate in the workshop. "About 120 are expected to participate in the conference," Jack Edmonson, WTSU director of public services and personnel and coordinator of the Living Textbook Workshop, said.

Each year the Globe-News offers scholarships to a limited number of classroom teachers attending the conference. The scholarships cover all costs except transportation. Meals, lodging, entertainment, tuition and fees are all covered by the scholarships.

A visit to Palo Duro Canyon for a production of "TEXAS" is listed among the entertainment activities.

Resident On Cruise

Richard N. Gardner, son of Mr. and Mrs. Glenn A. Gardner of 2403 11th Ave., has recently departed from Galveston, Texas on the annual summer cruise training session aboard the T/S TEXAS CLIPPER.

He is among 120 Texas Maritime Academy midshipmen who are going to: Mobile, Ala.; Las Palmas, Canary Islands; Barcelona, Spain; Piraeus, Greece; Naples, Italy; Funchal, Mediera Islands; New Orleans, La.; and Port Arthur.

The cruise will end when the ship arrives in Galveston on Aug. 10. Both engineering and deck cadets receive practical training in the basic operations of a merchant ship.

The Texas Maritime Academy is part of the Texas A & M University system.

Midshipmen are offered bachelor of science degrees in either marine transportation or marine engineering.

Completion of the college curriculum along with passage of the Coast Guard license examinations will qualify the midshipmen to seek employment on any U.S. merchant vessel as either a third mate or third engineer.

Burglary Charges Filed

William Deubler and Gary Dale Earnest, both of Lubbock, who have 24 burglary charges pending against them in Texas and New Mexico, were charged here Wednesday with theft over \$50.

The charge in Randall County stemmed from a burglary of White's Auto Store in Canyon on July 16, 1968.

Deubler of 1513 Ave. K, and Earnest of 2708 Colgate, are now being held in the Lubbock County jail.

Taken were stereo tape players, tires, radios, watches and batteries totaling to \$800 or \$900 in the burglary of White's, according to District Attorney George Dowlen.

Twenty warrants are pending in Texas and four in New Mexico against the pair, Dowlen said.

Canyon Boys Enter Tourney

Tuesday's play brought a gain for the Shadix-Daniels team when they came in with one under to tie for 5th place. Their scores were 70 and 69.

Ziegler and Read finished with a tie for 4th place in the second flight with a 78 the first day and a 75 the second day.

Thirty-eight teams from over the state entered the tourney which was sponsored by the Andrews Country Club.

Insurance Will Go Up

Rates for extended coverage insurance will be raised as a result of the recent hail storm in Amarillo.

Jack Jones, of the casualty property division of the State Commission of Insurance in Austin said Wednesday that since Canyon and Amarillo are in the same district, the rates will be hiked.

Jones said that Texas was divided into three territories for wind and hail damage coverage. Canyon and Amarillo are in the North-Northwest territory which covers 90 counties in Texas.

Jones said that the amount of the hike would depend on the amount of damage sustained from the storm and the amount of losses paid this year.

The rates are set on a 10-year period and the storm will affect the rates in this territory for that length of time.

Western Union In Bookstore

The Buffalo Bookstore at 2318 4th Ave. will be in charge of Western Union operations in Canyon beginning immediately, according to E. T. Cummings.

The former operator, Mrs. Betty Haines of the Buffalo Drug, has accepted a position as secretary at the Kilgore Research Center at West Texas State University.

Buffalo Bookstore will be open from 8 a.m. to 6 p.m. Monday through Friday and from 9 a.m. to 5 p.m. Saturdays. During the school term, the bookstore will remain open until 7 a.m. Monday through Friday.

Mrs. Betty Deitz and Mrs. Merle Boston will be the new operators, Cummings said.

Regents To Meet Aug. 1

A meeting of the Board of Regents, Texas Senior Colleges and Universities is scheduled for Aug. 1 in Alpine but a change of plans might come from Austin.

Dr. James P. Cornette, president of West Texas State University, said that the board could postpone the meeting until later in August.

Dr. Cornette said that due to the fact that Gov. Preston Smith vetoed the appropriations bill and has called a special session for the latter part of July the board might wait until a new appropriations bill is passed.

"He (the governor) cancelled the point of our meeting on Aug. 1 because the principal purpose of that meeting is to approve budgets," Dr. Cornette said. "When he vetoed the bill, that meant that no state agency has

any idea what their budget will be for the next year," Dr. Cornette said.

The possibility of the governor appointing a new separate board of regents for WTSU before the Aug. 1 meeting might also change plans, Dr. Cornette said.

"If the governor should appoint the new board in the next week or two, they might decide to meet in the place of the old board," he said.

Dr. Cornette said that WTSU is preparing for the Aug. 1 meeting in Alpine in the event that it should be held as scheduled.

Checks Result In Theft Charges

Charges of theft by false pretext, a misdemeanor, were filed Wednesday against Stephen A. Jeffries and Jack Paulette by the Randall County District Attorney.

Paulette of 110 S. Prospect in Amarillo is now in the Potter County jail. Jeffries has not been apprehended.

Checks for merchandise to-

talling about \$300 were written to six Canyon stores. Checks were written on a Hereford bank and signed by Jeffries, according to Randall County Deputy Sheriff Cecil Johnson.

Johnson said that Jeffries showed merchants a business card with a false Hereford address and phone number.

Two checks totalling \$77 were written at Gibson's Discount

Center and two checks totalling \$75 were written at C. R. Anthony's.

Other checks and the amounts are \$35 at the Village Shoe Store, \$31.27 at T. G. & Y., \$35.60 at Cheatham's, and \$42 at Warren's.

Felony charges have been filed against the pair in Potter County.

In 1963, a fund drive began and the money raised was matched by state appropriations. Today the four-story building contains a total of more than 88,000 square feet of floor space.

With recent remodeling in the building, a new pioneer town has been set up. A new oriental room has also been opened.

Tommy said he and Larry Miles, son of Mr. and Mrs. Dave Miles of Amarillo, dived in to find Ronnie.

"I had him once but he slipped away from me in the current. I found him again but he was real heavy and he started pulling me down, so my brother Terry helped," Tommy said.

"He had lots of water in his lungs so I turned him over and got the water out of his lungs and then started giving him mouth to mouth resuscitation," Tommy said.

Larry Miles had flagged down Mike Mitchell of the Palisades who was riding by on a motorcycle.

"I couldn't get any reaction from Ronnie so I let Mike try," Tommy said.

The boys called the ambulance and the fire department and Tommy said it was about 15 or 20 minutes before the members of the fire department arrived with a resuscitator.

"It was only 15 minutes," Tommy said, "but it seemed like forever."

The ambulance arrived and took Ronnie to the hospital, Tommy said. He said that several people had gathered around to see what had happened "but they couldn't do any more than we could."

"I was scared and I still am," Tommy said Tuesday afternoon. You always hear of this happening to people but I never thought it would happen to me."

Boggs is now in the intensive care unit at St. Anthony's Hospital.

Plans For July 4th

Any individual or group who would like to help with the July 4th celebration for the city of Canyon should contact Winston Hall, chairman.

Hall said that the organizations planning the event would like to have anyone help in any way they could.

Clubs participating in the project are the Kiwanis Club, the Lions Club, the Rotary Club, the Veterans of Foreign Wars, and the Jaycees.

The celebration will begin at 7 p.m. July 4 with a watermelon feast in Conner Park. A watermelon eating contest will be open to children from the ages one to 13.

The top three winners in the contest will assist in lighting the fireworks, Hall said.

dation at the performance Friday.

An informal reception will be held for the students and other foreign-born visitors at 7:45 p.m. Friday at Palo Duro State Park.

A barbecue will also be held before the performance at the park for anyone who wishes to attend, according to Mrs. Harper.

Mr. and Mrs. L. Pete Gilvin and Mr. and Mrs. Eddie Melin, both of Amarillo, will greet special guests on opening night. Melin is president of the Heritage Foundation.

The dignitaries to attend the opening night production are Paul Green, the playwright; Gus Mutscher, speaker of the House of Representatives and his wife; Sen. and Mrs. Grady Hazlewood; Pat O'Keefe, executive director of the Texas Fine Arts Commission, and his wife;

Representatives Tom Christian, Walter Knapp and Hudson Moyer; J. R. Singleton, executive director of the Texas Parks and Wildlife Department; Grover Cleveland Ramsey of the Institute of Texas Culture; and Dean Krake of Oklahoma City, managing director of the Cow-

boy Hall of Fame.

The drama will be presented each night except Sunday through Sept. 1.

The Lacys moved from Welch, Texas in June of 1968 in order to work full time with the congregation which at present has a membership consisting of approximately eighty persons.

Attendance for the Sunday services has been around 100 persons.

Gospel services are planned for Friday and Saturday starting at 8 p.m. Sunday services will be at 10:30 a.m. with a closing service at 6:00 p.m.

Three Canyon cadets are currently receiving six weeks' training and practical military experience at the Army Reserve Officers' Training Corps summer camp at Ft. Sill, Okla.

They include Michael J. McBroom, 21, James R. Cook, 21, and Gary B. Cook, 22.

All are students at West Texas State University.

McBroom, son of Mr. and Mrs. Johnnie H. McBroom of 903 7th Ave., is a member of Alpha Tau Omega Fraternity. His wife, Joyce, lives at 703 7th Ave.

Gary Cook, son of Mr. and Mrs. Dean L. Cook of 406 Thompson Lane, is a member of Lambda Chi Alpha and Beta Beta Beta fraternities and Scabard and Blade.

instruction and team teaching, Jacobs said.

The center of the building will be two-story with a group of offices and rooms arranged in a circular pattern.

The remainder of the building will be one story. The existing gymnasium and shop-band and crafts building will be retained, Jacobs said.

The administrative offices, teacher conference rooms, a teachers' lounge, an audiovisual center, an area to house student reference materials and a learning center will be located in the two-story circular part of the building.

The building contains two main classroom wings, one for math and science and the other for language arts and social studies. The classrooms will be separated by moveable partitions.

The school, with the exception of the science laboratories, shop, homemaking and arts and crafts, will be carpeted.

Seats in the new auditorium will be arranged in a semi-circle around the stage. Partitions will also be available to divide the auditorium into smaller segments to be used for class lectures.

The plans also include a new gymnasium for practice and

class activities rather than for spectator sports.

Time periods for classes will not be measured in the usual 45 to 50 minute spans. Each student will spend as much time on each course as the teachers feel is necessary. The student can work at the rate of speed and achievement which his talent and ability will allow.

The individualized instruction will also include large group instruction. Small groups are then formed from the large group for student discussion or students having trouble with some phase of their work.

A time for independent study will also be allowed all students. During this time they may work individually or in small groups, listen to tapes and records, memorize, experiment, just talk with other students or have time to relax.

Team teaching will also be incorporated in the new school where teachers pool their know-

ledge and specialties and each person does what he is most able to do.

The central idea for the new Canyon Junior High School is flexibility, both in the building and in the curriculum to allow students to progress at their own rate of learning.

Last year's crop was caught off-guard because of a deficiency in predatory insects and little knowledge by officials of the greenbug in grain sorghum, he said.

Greenbugs hit last year's crop in mid-July.

Between 60,000 and 70,000 acres of grain sorghum are planted annually in the county, which has an allotment of about 120,000 acres.

rifle aimed at her.

He said Cecil Johnson of the sheriff's department was also called to the scene.

Harvey asked Cartwright to throw down his rifle and come to the police car, the statement said, but Cartwright allegedly yelled "Hell, no. I'm not through with her yet."

The statement said Mrs. Cartwright was also bleeding.

Finally, Harvey said, Cartwright handed the rifle over to Deputy Johnson and was taken to the Sheriff's Office.

Randall County District Attorney George Dowlen said officers told him the incident was spurred when Cartwright came home from work Tuesday morning and allegedly found Easley and Mrs. Cartwright in bed together.

A statement to Harvey--which is also related in his report--by both Easley and Mrs. Cartwright corroborates that they were in bed together.

A fence post, 3 1/2 feet long and six inches in diameter, was found by Harvey in the Cartwright home and was believed to be the assault weapon, Harvey said.

Appearing before Judge Wilson, Cartwright waived rights to an examining trial.

His case will be presented to the Randall County Grand Jury July 9.

Mrs. A. L. Triplett of Canyon spent Father's Day with her father, Roy Wreath of Mutual, Okla. Accompanying Mrs. Triplett were Mr. and Mrs. Charles Triplett and Larry of Plainview.

Miss Williams-Warren Exchange Marriage Vows

Mrs. Duaine Morphis

Wedding Vows Unite Couple

Lynda Kay Allen and Duaine Morphis were united in marriage during a double ring ceremony, June 17, at the Spring Valley Baptist Church of Dallas.

Rev. Channey, of the church, performed the wedding nuptials. Organ music preceded the ceremony. The bride's selection of "More" was played prior to the "Wedding March".

The bride is the daughter of Mr. and Mrs. R. B. Allen of Canyon. Parents of the bridegroom are Rev. and Mrs. Herbert Morphis of Channelview, Texas.

Decorations at the church featured an altar flanked by candelabras holding thirty tapers. White and yellow spider mums were arranged beneath the tapers with greenery trailing on the altar.

Escorted and given in marriage by her father, the bride wore a semi-formal sheer white re-embroidered lace dress with a high neckline. White satin accented the empire waist and full sleeves gathered at the wrist. The three tiered chapel veil was secured with white silk and pearl flowers. Simulated pearls covered the tongue of the white pumps. Her only jewelry was a gold watch which was a wedding gift from the groom and pearl earrings which were borrowed from her sister. Her corsage was one of white roses accented with white stephanotis and yellow tinted baby's breath backed with white tufts.

Janice Leigh Allen, sister of the bride, served as maid of honor and was the bride's only attendant.

Janice wore a semi-formal length sleeveless yellow cotton dress with yellow satin accen-

ting the empire cut and high neckline. She wore yellow shoes and a yellow organdy bow on organza for a headpiece. The attendant's corsage consisted of a single yellow spider mum. Serving as best man was Bruce Collins from Garland, Texas, friend of the groom.

Candlelighter for the occasion was the bride's cousin, Gene Morel.

Ushers were Robbie Morphis, brother of the groom and Richard Chambers, cousin of the bride.

A small informal reception was held at the home of Mr. and Mrs. W. A. Morel, aunt and uncle of the bride, with approximately forty guests in attendance.

A glass table mirrored the tiered centerpiece of white and yellow spider mums. Flowers of frosting topped the three tiered traditional wedding cake which was served from a gold cake plate. The lemon-base punch was served from a silver service which also decorated the table.

Mrs. Morphis graduated from Canyon High School in 1967 and attended West Texas State University and North Texas State University at Denton, where she majored in psychology. She is presently employed in the accounting department at Texas Instruments Company in Dallas.

The groom is a 1966 graduate of Garland High School and is now employed at Texas Instruments Company of Dallas. He plans to attend school this fall in Durant, Oklahoma in order to earn a degree in architectural engineering.

The couple has established residence at 13021 Meandering Way, #230, Dallas, Texas.

Double ring marriage vows for Miss Diana Williams and Philip Rand Warren were repeated Friday afternoon in the home of his grandparents, Mr. and Mrs. W. A. Warren.

The bride is the daughter of Mr. and Mrs. Jack Williams of Canyon and parents of the bridegroom are Mr. and Mrs. A. M. Warren, also of Canyon.

Rev. Jack Boyett officiated at the exchange of vows which were read before the family fireplace which was flanked with

The engagement and approaching marriage of Miss Shirley Platt and Ewing Clayton is announced by the parents of the bride, Mr. and Mrs. Tom Platt, of Canyon.

An August wedding is being planned by Miss Platt and Ewing. The exact date has not yet been set.

The groom-to-be is the son of Mr. and Mrs. Tommy Clayton of Dumas. He is a graduate of Dalhart High School. At present, Ewing is employed by the Case Company in Happy.

Miss Platt graduated from Canyon High School and is now employed as a beautician at Paye's Beauty Salon in Canyon.

Miss Linda Adair-Peck United In Ceremonies

Miss Linda Mae Adair and Russell Maurice Peck were united in double ring marriage vows Friday evening at Faith Chapel in Canyon with Rev. Marcus Adair, father of the bride, officiating with assistance from Rev. Kay Kerr of Alvin, Texas.

The bride is the daughter of Rev. and Mrs. Marcus Adair of Canyon and parents of the bridegroom are Mr. and Mrs. Malchom Peck of Edna, Texas.

The candlelight ceremony was read before an arched candelabra flanked by spiral candelabrum garlanded with salal leaves. Garlanded candelabra flanked either side of the bridal aisle.

Organist was Mrs. Royce Grant and soloist was Royce Grant. A trio selection was given by the bride's sisters, Mrs. Glen Cummings of Dalhart and Mrs. Marin Hays of Enid, Oklahoma, with Miss Rita Conn of Childress, Texas. Included in the ceremony was "The Wedding Prayer" read by Mrs. Marvin Hays. Mrs. Merle Custer, cousin of the bride from Logan, Oklahoma, kept the guest book.

Escorted and given in marriage by her father, the bride wore a formal gown of tuck organza over taffeta designed with a Victorian bodice and closely fitted neckline. Her full sheer sleeves were caught softly at the wrist with a deep cuff. Her A-line skirt was swept to back fullness and was enhanced with a butterfly bow. She wore a full cathedral veil of bridal illusion edged in embroidered Alencon lace held in soft folds around the face and caught to a pearl and crystal tiara over a silk coil.

Her bouquet was a cascade of white sweetheart roses on a white Bible, centered with orange cymbidium orchids accented with white pearl.

In keeping with tradition, the bride wore a strand of pearls which were a gift of the bridegroom as something new; for old and borrowed she wore her grandmother's wedding band; she had the blue garter and a penny in her shoe for the occasion.

Mrs. Kenneth Branum of Canyon was matron of honor. Other honor attendants were Mrs. Glen Cummings of Dalhart and Mrs. Marvin Hays of Enid, Oklahoma, sisters of the bride, Miss Rita Conn of Childress and Miss Peggy Peck, sister of the bridegroom.

The bridal attendants wore white batiste floorlength empire waist gowns with orange sashes and a bow in the back. Each carried a crescent bouquet of apricot carnations.

Junior bridesmaid, Ginger Dee Adair, niece of the bride, wore a dress fashioned similar to the bride and carried a crescent bouquet of apricot carnations.

Tommy Miller of Edna was best man. Groomsmen were Marvin Hays of Enid, Oklahoma, Jimmy Miller, Glen Cummings of Dalhart and Duane Adair of Oklahoma City, Oklahoma. The groomsmen also ushered for the event.

For her daughter's wedding, Mrs. Adair was attired in a lace dress of light coral color with black patent accessories. The bridegroom's mother selected a late day dress styled on sheath lines and fashioned of silk organza in a moss green color with complimentary accessories. Both wore corsages of white gardenias and tropicana

roses.

The fellowship room of the church was the site for the wedding reception where a white taffeta skirted cloth covered the table which was accented with orange ribbon streamers and a three tiered wedding cake. Apricot punch was served. Alternating at the tea table were Mrs. Wallace Ditto of Ganado, Mrs. Kenneth Peck of Edna, Mrs. Paul Eccles of Booker and Mrs. Clive Slovecek of Booker.

Others in the houseparty were Mrs. A. J. Peters of Edna, Mrs. Kay Kerr of Alvin, Mrs. Lawrence Hunnicutt, Mrs. Rene Heil, and Mrs. R. D. Wheelock, all of Canyon, Mrs. Dale Ditto of Honolulu, Hawaii and Miss Linda Jo Allison of Happy.

For a wedding trip to Miami, Florida, the bride changed to a white knit suit with black and white patent accessories and

her corsage was the orange orchid lifted from the bridal bouquet.

After June 30, the couple will establish their home at 2400 9th Avenue in Canyon.

The bride is a graduate of Canyon High School and West Texas State University, where she was a member of Delta Zeta sorority. She teaches at Oakdale Elementary School in Amarillo.

A senior physical education major at WTSU, the bridegroom is a flight instructor at Trade Winds Airport in Amarillo.

Prior to the ceremony, a bridesmaid's luncheon was given by the bride's sisters, Mrs. Marvin Hays and Mrs. Glen Cummings, at the Villa Inn in Amarillo. The rehearsal dinner was given by the bridegroom's parents Thursday night at Stephen's in Amarillo.
